Re: Quantity and Value Questionnaire for Oil Country Tubular Goods from the People's Republic of China

Dear Sir or Madam:

On July 30, 2007, the Department of Commerce ("the Department") initiated an antidumping duty investigation to determine whether oil country tubular goods ("OCTG") from the People's Republic of China ("PRC") are being sold in the United States at less than fair value. The period of investigation ("POI") is October 1, 2008, through March 31, 2009.

In advance of the issuance of the antidumping questionnaire, we ask that you respond to the questions in Attachment I requesting information on the quantity and U.S. dollar sales value of all exports to the United States of OCTG during the POI. A definition of the merchandise covered by the scope of this investigation is included in Attachment II. General instructions for responding to this letter are contained in Attachment III. **Please be advised that receipt of this letter does not indicate that the recipient manufacturer or exporter will be chosen as a mandatory respondent or guaranteed separate rates status. A response to this letter may be subject to on-site verification by Department officials.**

The response to the Department's quantity and value ("Q&V") questionnaire in Attachment I is due no later than **5 p.m. May 19, 2009**.

Please note that all submissions to the Department must be served on all interested parties. The service instructions are included in Attachment III. The list of interested parties may be found at <http://www.ia.ita.doc.gov/apo/apo-svc-lists.html>.

If you fail to respond or fail to provide the requested quantity and value information, please be aware that the Department may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Tariff Act of 1930, as amended.

The Department requires non-market economy exporters of OCTG to submit a separate-rate application no later than 60 days after publication of the initiation notice in the *Federal Register*).

The separate-rate application is available on the Department's website at <http://ia.ita.doc.gov/ia-highlights-and-news.html>. To receive consideration for a separate rate,

you must submit a timely response to this Q&V questionnaire in addition to responding to the separate-rate application. In other words, the Department **will not give** consideration to any separate rate-status application made by parties that failed to respond to this questionnaire within the established deadline.

We appreciate your attention to these matters. Please contact Paul Stolz at 202-482-4474, if you have any questions or comments.

Sincerely,

Eugene Degnan

In the chart below, please provide the total quantity and total value of all your sales of merchandise covered by the scope of this investigation (*see* Attachment II of this document), produced in the PRC, and exported/shipped to the United States during the period October 1, 2008, through March 31, 2009.

If you exclude information because you do not agree to release it under APO, submit with your response to the Department a certificate of service and a copy of the APO version of the document containing the information that you agree may be released under APO. For parties that do not have access to information under APO, please provide a public version only.
11. Prepare your response in typed form and in English. Repeat the question to which you are responding in your narrative submission and place your answer directly below it.
