

SmartBox Queen Size: 60" x 80" x 10"

Box Mattress Foundation

Replaces Old Fashioned Box Springs to support, protect and raise your mattress

Significantly more durable than a heavy box spring | Designed to support your mattress for years of protection

NO TOOLS Required!

EASY AND SIMPLE TO ASSEMBLE:

- Step 1: Lay out the foundation panels in a grid pattern.
- Step 2: Connect the panels by sliding the interlocking tabs together.
- Step 3: Push down on the corners to ensure the panels are fully seated.
- Step 4: Lay your mattress on top of the foundation.

Easy & Simple to Assemble • **No Tools Required** • **Long Lasting & Durable**
