Re: Quantity and Value Questionnaire for the Antidumping Duty Investigation of Certain Tool Chests and Cabinets from the People's Republic of China

Dear Sir or Madam:

On May 1, 2017, the Department of Commerce (the Department) initiated an antidumping duty investigation to determine whether certain tool chests and cabinets from the People's Republic of China (the PRC) are being sold in the United States at less than fair value.

In advance of the issuance of the antidumping questionnaire, the Department asks that you respond to the questions in Attachment I to this letter, requesting information on the quantity and U.S. dollar sales value of all your sales to the United States during the period October 1, 2016, through March 31, 2017, covered by the scope of this investigation, produced in the PRC. The scope of the investigation is included in Attachment II to this letter, and general instructions for responding to this letter are contained in Attachment III. **Your receipt of this letter does not indicate that you will be chosen as a mandatory respondent because the Department may find it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act). Also, your receipt of this letter does not guarantee separate rate status. Your response to this letter may be subject to on-site verification by Department officials.**

Your response is due to the Department **no later than 5:00 p.m. Eastern Time, May 11, 2017.** *Due to time constraints in this investigation, the Department will be limited in its ability to extend the deadline for the response to the attached Quantity and Value Questionnaire.* All submissions to the Department must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other firm, a Certificate of Accuracy from the representative. Additionally, all submissions to the Department must be served on the appropriate interested parties. A list of interested parties may be found at <http://enforcement.trade.gov/apo/apo-svc-lists.html> under the PRC and then under "Tool Chests And Cabinets (A-570-056) Investigation." Certificates of service and accuracy are in Attachment IV. General instructions for responding to this Quantity and Value Questionnaire are contained in Attachment III.

In the unlikely event that you have received this questionnaire after the deadline to respond, you **MUST** contact the Department official identified in the questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the

required information. Failure to do so may result in the presumption that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

If you fail to respond or fail to provide the requested quantity and value information, please be aware that the Department may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

In general, the Department has found that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating AD rates), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses and will not collapse companies at the respondent selection phase of this investigation for purposes of respondent selection; please report volume and value data separately. Data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

Should you have any questions about this matter, please contact Yang Jin Chun at (202) 482-5760.

Sincerely,

X Minoo Hatten

FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the chart below, please provide the total quantity in pieces and total value (in U.S. dollars) of all your sales to the United States during the period October 1, 2016, through March 31, 2017, of merchandise covered by the scope of this investigation (*see* Attachment II), produced in the People's Republic of China.¹

Please include only sales exported by your company directly to the United States. However, if your company made sales to third-countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately identify these sales quantities and the location (*i.e.*, countries) to which you made the sales.

Even if you believe that you should be treated as a single entity along with other exporters, please do not report aggregate data for all of the companies that you believe should be treated as a single entity but separately report your company's quantity and value data below. Quantity and value data pertaining to other, possibly affiliated companies, that you believe should be treated together with your company as a single entity should be separately reported by those companies.

Market: United States	Total Quantity (pieces)	Terms of Sale ²	Total Value ³ (U.S. Dollars)
1. Export Price ⁴			
2. Constructed Export Price ⁵			
3. Further Manufactured ⁶			
Total			

¹ Please use the invoice date when determining which sales to include within the period noted above. Generally, the Department uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of your company's sales during the designated period, please report sales based on that date and provide a full explanation.

² To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

³ Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

⁴ Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.

⁵ Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States. If you have sales of further manufactured merchandise, please report them under Item 3, rather than under Item 2.

⁶ "Further manufactured" refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.

ATTACHMENT II

DESCRIPTION OF PRODUCTS UNDER INVESTIGATION

The scope of this investigation covers certain metal tool chests and tool cabinets, with drawers, (tool chests and cabinets), from the People's Republic of China (the PRC) and the Socialist Republic of Vietnam (Vietnam). The scope covers all metal tool chests and cabinets, including top chests, intermediate chests, tool cabinets and side cabinets, storage units, mobile work benches, and work stations and that have the following physical characteristics:

- (1) a body made of carbon, alloy, or stainless steel and/or other metals;
- (2) two or more drawers for storage in each individual unit;
- (3) a width (side to side) exceeding 15 inches for side cabinets and exceeding 21 inches for all other individual units but not exceeding 60 inches;
- (4) a drawer depth (front to back) exceeding 10 inches but not exceeding 24 inches; and
- (5) prepackaged for retail sale.

For purposes of this scope, the width parameter applies to each individual unit, *i.e.*, each individual top chest, intermediate top chest, tool cabinet, side cabinet, storage unit, mobile work bench, and work station.

Prepackaged for retail sale means the units are packaged in a cardboard box or other container suitable for retail display and sale. Subject tool chests and cabinets are covered whether imported in assembled or unassembled form. Subject merchandise includes tool chests and cabinets produced in the PRC or Vietnam but assembled, prepackaged for sale, or subject to other minor processing in a third country prior to importation into the United States. Similarly, it would include tool chests and cabinets produced in the PRC or Vietnam that are later found to be assembled, prepackaged for sale, or subject to other minor processing after importation into the United States.

Subject tool chests and cabinets may also have doors and shelves in addition to drawers, may have handles (typically mounted on the sides), and may have a work surface on the top. Subject tool chests and cabinets may be uncoated (*e.g.*, stainless steel), painted, powder coated, galvanized, or otherwise coated for corrosion protection or aesthetic appearance.

Subject tool chests and cabinets may be packaged as individual units or in sets. When packaged in sets, they typically include a cabinet with one or more chests that stack on top of the cabinet. Tool cabinets act as a base tool storage unit and typically have rollers, casters, or wheels to permit them to be moved more easily when loaded with tools. Work stations and work benches are tool cabinets with a work surface on the top that may be made of rubber, plastic, metal, wood, or other materials.

Top chests are designed to be used with a tool cabinet to form a tool storage unit. The top chests

may be mounted on top of the base tool cabinet or onto an intermediate chest. They are often packaged as a set with tool cabinets or intermediate chests, but may also be packaged separately. They may be packaged with mounting hardware (*e.g.*, bolts) and instructions for assembling them onto the base tool cabinet or onto an intermediate tool chest which rests on the base tool cabinet. Smaller top chests typically have handles on the sides, while the larger top chests typically lack handles. Intermediate tool chests are designed to fit on top of the floor standing tool cabinet and to be used underneath the top tool chest. Although they may be packaged or used separately from the tool cabinet, intermediate chests are designed to be used in conjunction with tool cabinets. The intermediate chests typically do not have handles. The intermediate and top chests may have the capability of being bolted together.

Side cabinets are designed to be bolted or otherwise attached to the side of the base storage cabinet to expand the storage capacity of the base tool cabinet.

Subject tool chests and cabinets also may be packaged with a tool set included. Packaging a subject tool chest and cabinet with a tool set does not remove an otherwise covered subject tool chest and cabinet from the scope. When this occurs, the tools are not part of the subject merchandise.

Excluded from the scope of the investigation are tool boxes, chests and cabinets with bodies made of plastic, carbon fiber, wood, or other non-metallic substances. Also excluded from the scope of the investigation are portable metal tool boxes. Portable metal tool boxes have each of the following characteristics: (1) fewer than three drawers; (2) a handle on the top that allows the tool box to be carried by hand; and (3) a width that is 21 inches or less; and depth (front to back) not exceeding 10 inches.

Also excluded from the scope of the investigation are industrial grade steel tool chests and cabinets. The excluded industrial grade steel tool chests and cabinets are those:

- (1) having a body that is over 60 inches wide; or
- (2) having each of the following physical characteristics:
 - (a) a body made of steel that is 0.055" or more in thickness;
 - (b) all drawers over 21" deep;
 - (c) all drawer slides rated for 200 lbs. or more; and
 - (d) not prepackaged for retail sale.

Also excluded from the scope of the investigation are work benches with fewer than two drawers. Excluded work benches have a solid top working surface, fewer than two drawers, are supported by legs and have no solid front, side, or back panels enclosing the body of the unit.

Also excluded from the scope of the investigation are metal filing cabinets that are configured to hold hanging file folders and are classified in the Harmonized Tariff Schedule of the United

States (HTSUS) at subheading 9403.10.0020.

Merchandise subject to the investigation is classified under HTSUS categories 9403.20.0021, 9403.20.0026, 9403.20.0030 and 7326.90.8688, but may also be classified under HTSUS category 7326.90.3500. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of this investigation is dispositive.

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to the Department during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using the Department's ACCESS website at <http://access.trade.gov>. If an exception to the electronic filing requirement applies, you must address and manually submit your response to the address indicated on the cover page of this questionnaire. To determine if your response qualifies for manual filing, see the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this questionnaire. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5:00 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:
 - a. on the first line, indicate the case number stated on the cover page to this questionnaire;
 - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
 - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, *etc.*) and, if applicable, indicate the complete period covered (MM/DD/YY - MM/DD/YY);

- d. on the fourth line, indicate the Department office conducting the proceeding;
 - e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree or object to release of the submitted information under **administrative protective order (APO)** by stating one of the following:
 - “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to Quantity & Value questionnaire,” “case brief.”
 3. Prepare your response in typed form and in English. *See* 19 CFR 351.303(d) and (e) for these and other formatting requirements. Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
 4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response, *e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and CVD proceedings.

C. Manual Filing

1. **All submissions must be filed electronically.** Only under the following four circumstances will the Department accept a hardcopy response that is manually filed:
 - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
 - Data files greater than 20 MB must be filed manually on CD-ROM or DVD.
 - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. The Department will provide notice of such technical failures on the ACCESS

Help Desk line at (202) 482-3150 and on the Enforcement and Compliance website, which is <http://www.trade.gov/enforcement>.

- Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c), and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. The Department will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
 3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
 4. Manual submissions must be addressed and submitted to:
Secretary of Commerce
Attention: Enforcement and Compliance, AD/CVD Operations, Office I
APO/Dockets Unit, Room 18022
U.S. Department of Commerce
1401 Constitution Avenue NW
Washington, DC 20230

D. Certification

1. Submit the required **certification of accuracy**. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. The Department cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.
2. Provide the required **certificate of service** (included as an appendix) with each business proprietary document and public version submitted to the Department.
3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, the Department places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to 19 CFR 351.304, 19 CFR 351.305, and 19 CFR 351.306. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to the Department.
2. Utilize the “one-day lag rule” under 19 CFR 351.303(c)(2) if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit. *See* 19 CFR 351.303(c)(2)(i). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document. *See* 19 CFR 351.303(c)(2)(i) and (ii). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the “one-day lag rule” in the preceding paragraph), submit the public version of your response. *See* 19 CFR 351.303(c)(2)(i) and (iii). A public version must contain:
 - a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
 - b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

Note: *The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.*

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (*e.g.*, legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:
 - a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
 - b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO, *e.g.*, May Be Released Under APO or May Not Be Released Under APO. *See* 19 CFR 351.304 for specific instructions.⁷

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.
6. Provide to all parties whose representatives have been granted APO access and who are listed on the Department’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are maintained at <http://enforcement.trade.gov/apo/apo-svc-lists.html> under the People’s Republic of China” and then “Certain Tool Chests and Cabinets (A-570-056) Investigation.” If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

⁷ If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information. *See* 19 CFR 351.304(d). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.

Note: A chart summarizing AD/CVD document filing requirements can be found at <http://enforcement.trade.gov/filing/index.html>. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at <http://enforcement.trade.gov/apo/index.html>.
