General Comment

On behalf of the Sub-Zero, Inc., I would like to provide input to the Foreign-Trade Zone Board's proposed regulation changes. I appreciate the opportunity to do so. Upon detailed review, we are in support of the suggested changes submitted by the NAFTAZ. We believe their suggested changes will serve to provide clarity and uniformity between the FTZ Board and the program participants. In particular, we believe the suggested changes in sections relating directly to production, burden of proof, voluntary disclosure, fines/penalties and appeals should be incorporated into the Final Rule of the changed regulations.

Sub-Zero, Inc. is committed to working with the NAFTAZ and the FTZ Board on all proposed regulatory changes in the future. We believe a good start to these efforts can be found in the suggested changes submitted by the NAFTAZ. Please feel free to contact us for additional data or clarification concerning these comments.

Respectfully submitted,

Julie W. Becker
