WELCOME TO THE DEPARTMENT OF COMMERCE ON-LINE STEEL LICENSING SYSTEM

The SIMA system requires licenses for imports of steel mill products for imports with duty computation dates on or after June 9, 2005. Details of the current system can be found in the final rule (19 CFR Part 360) published on March 18, 2009 (74 FR 11474), as an extension of previous authorization.

This import licensing system website facilitates the monitoring of imports of steel mill products. It was amended in response to the Steel Import Monitoring and Analysis (SIMA) final rule in 2005. The SIMA system provides steel producers, consumers, importers, and the general public with accurate and timely information on current imports of certain steel products.

[Click here for more information and to access the SIMA monitor.](#)

Licenses created in the previous system are no longer accessible via the internet system. Please contact SIMA via e-mail to change or cancel a license.

In order to use this site, you must first register as a new user. Please click here to "[Create Account](#)".

LOGIN INFORMATION:

1) If you have already registered, please enter your user ID in the box below and click on the "Continue" button.

2) ENTER USERNAME (e-mail address):

3) You will be redirected to the second log-in page where you will be asked to re-enter your username (e-mail address) and password.

This site is optimized for Internet Explorer or Firefox. Please ensure JavaScript is enabled on your browser.

2) ENTER USERNAME (e-mail address):

Licensing System Home Page: How to Log In

- Once you have entered your Username correctly on the sign-in page, you will be directed to enter your Username again and your Password (either the temporary password from your email confirmation, or your personal password if you have already logged in and changed it).

The image shows a screenshot of a web form titled "Server Login". The form has a yellow background and a black border. At the top, the title "Server Login" is written in a large, bold, black serif font. Below the title, the instruction "Please type your user name and password" is written in a smaller, black serif font. There are two input fields: the first is labeled "User name:" and the second is labeled "Password:". Both labels are in a black serif font. Below the input fields, there is a "Log In" button with a grey background and a black border, containing the text "Log In" in a black serif font.

Licensing System Home Page: How To Log In

- In case of a forgotten Username or Password, there are helpful links on the homepage.
- In order to retrieve a lost or forgotten Username or Password, you will be required to provide basic information associated with the account as well as the answers to your preselected security questions.

Licensing System Home Page: Outstanding Licenses

- You will be directed to the Welcome Page after you log in with your Username and Password.
- At the bottom of the Welcome Page are listed “Outstanding Licenses.” Any licenses listed here have been flagged as potentially containing errors. You will have received an email addressing the issue.
- If you see “No documents found” then you don’t have any outstanding licenses to address.

The screenshot shows the International Trade Administration's Licensing System Home Page. The page has a blue header with the Department of Commerce logo and the text 'INTERNATIONAL TRADE ADMINISTRATION'. Below the header is a navigation bar with links: 'License Home', 'SIMA Home', 'Product - HTS List', 'Rules and Regulations', 'Tutorial', 'Help', 'FAQ', 'Contact Us', and 'Logout'. The main content area is titled 'WELCOME' and contains a sidebar with the following categories and links:

You have logged into the Department of Commerce On-Line Steel Licensing System. Within this system you can create new licenses and access previously issued licenses. You can modify, cancel or re-submit past licenses using the options to the left. The menu also allows you to create and update templates and use templates to create new licenses. You also have access to your account settings and can change your password or update your profile (address, contact name, etc.).

NEW LICENSE: This option allows users to create new steel import licenses.

UPDATE / VIEW LICENSE: Users can modify current licenses to correct/update information, cancel an issued license, or print a copy of issued licenses. Click on the license to access it in order to modify, print, or cancel the license.

LICENSE TEMPLATES: The menu to the left also allows you to create, update, and delete templates, and to use templates to create new licenses.

ACCOUNT SETTINGS: Users can access account settings and can change your password or update your profile (address, contact name, etc.).

OUTSTANDING LICENSES: These are licenses that have been flagged by the SIMA team as possibly containing errors. Please address these outstanding licenses promptly by using the menu on the left side of the screen to update or cancel licenses. If no licenses are listed on this page, you do not have any outstanding licenses to update or review.
