Re: Antidumping Duty Investigations on Refillable Stainless Steel Kegs from the People's Republic of China, Germany, and Mexico, and Countervailing Duty Investigation of Refillable Stainless Steel Kegs from the People's Republic of China; Corrections to the Quantity and Value Questionnaire

On October 11, 2018, the Department of Commerce issued a Quantity and Value Questionnaire in connection with each of the above-referenced investigations. There were two typographical errors in the Quantity and Value Questionnaire, which we are correcting with the issuance of this letter.

To clarify, the total sales quantity to the United States should be submitted in units. In addition, the responses are due no later than **October 24, 2018**, Close of Business, 5:00 p.m. ET.

Sincerely,

Dana S. Mermelstein
Program Manager
AD/CVD Operations, Office I
