SUBJECT: Countervailing Duty Investigation of Corrosion Inhibitors from the People’s Republic of China

RE: Issuance of Quantity and Value Questionnaires for Corrosion Inhibitors from the People’s Republic of China

On February 25, 2020, Commerce initiated a countervailing duty investigation of U.S. imports of corrosion inhibitors from the People’s Republic of China (China). On February 26, 2020, Commerce sent by FedEx the attached quantity and value questionnaire to each producer of corrosion inhibitors from China identified in Exhibit I-5 of the Petitions, with the exception of Anhui Trust Chem Co., Ltd. and Nantong Botao Chemical Co., Ltd., which received the quantity and value questionnaire through their legal representatives.1

TO ALL INTERESTED PARTIES

Re: Quantity and Value Questionnaire for the Countervailing Duty Investigation of Corrosion Inhibitors from the People’s Republic of China

Dear Sir or Madam:

On February 25, 2020, the Department of Commerce (Commerce) initiated a countervailing duty investigation to determine whether production of corrosion inhibitors from the People’s Republic of China (China) is benefiting from countervailable subsidies within the meaning of section 771(5) of the Tariff Act of 1930, as amended (the Act).1

In advance of the issuance of the countervailing duty questionnaire, Commerce asks that you respond to the questions in Attachment I to this letter, requesting information on the quantity and U.S. dollar sales value of all your sales to the United States during the period January 1, 2019 through December 31, 2019, covered by the scope of this investigation, produced in China. The scope of the investigation is included in Attachment II to this letter, and general instructions for responding to this letter are contained in Attachment III. Receipt of this letter does not indicate that you will be selected as a mandatory respondent for individual examination because Commerce may find it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act). Your response to this letter may be subject to on-site verification by Commerce officials.

Your response is due to Commerce no later than 5:00 p.m. Eastern Time (ET), March 11, 2020. Please note that, due to time constraints in this investigation, Commerce will be limited in its ability to extend the deadline for the response to the attached Quantity and Value Questionnaire. All submissions to Commerce must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other firm, a Certificate of Accuracy from the representative. Additionally, all submissions to Commerce must be served on the appropriate interested parties. A list of interested parties may be found at https://access.trade.gov/login.aspx under “People’s Republic of China” and then “Corrosion Inhibitors.” Certificates of service and accuracy are in Attachment IV. General instructions for responding to this Quantity and Value Questionnaire are contained in Attachment III.

In the unlikely event that you have received this questionnaire after the deadline to respond, you MUST contact the Commerce official identified in the questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in the presumption that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

If you fail to respond or fail to provide the requested quantity and value information, please be aware that Commerce may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (i.e., treated as a single entity for purposes of calculating AD rates), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses and will not collapse companies at the respondent selection phase of this investigation for purposes of respondent selection; please report volume and value data separately. Data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

Should you have any questions about this matter, please contact Ted Pearson at (202) 482-2631 or theodore.pearson@trade.gov.

We will not accept or acknowledge quantity and value questionnaire responses submitted via electronic mail. Parties must file via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) system only.

Sincerely,

FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the chart below, please provide the total quantity of units and total value (in U.S. dollars) of all your sales to the United States during the period January 1, 2019, through December 31, 2019, of merchandise covered by the scope of this investigation (see Attachment II), produced in China.2

Please include only sales exported by your company directly to the United States. However, if your company made sales to third-countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately identify these sales quantities and the location (i.e., countries) to which you made the sales.

Even if you believe that you should be treated as a single entity along with other exporters, please do not report aggregate data for all of the companies that you believe should be treated as a single entity but separately report your company’s quantity and value data below. Quantity and value data pertaining to other, possibly affiliated companies, that you believe should be treated together with your company as a single entity should be separately reported by those companies.

2 Please use the invoice date when determining which sales to include within the period noted above. Generally, Commerce uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of your company’s sales during the designated period, please report sales based on that date and provide a full explanation.

3 Please report all liquid quantities of the subject merchandise on a dry-weight basis using a conversion factor of 1/2 to convert liquid volumes to solid. See “Petitions for the Imposition of Antidumping and Countervailing Duties on Certain Corrosion Inhibitors from China,” dated February 5, 2020 (Volume I at 20 and at Exhibit I-9); see also Petitioner’s Letter, “Certain Corrosion Inhibitors from the People’s Republic of China: Responses to Supplemental Questionnaire (Volume I),” dated February 14, 2020 (at 12 and at Exhibit I-S6).

4 To the extent possible, sales values should be reported based on the same terms (e.g., FOB).

5 Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.
ATTACHMENT II

DESCRIPTION OF PRODUCTS UNDER INVESTIGATION

The merchandise covered by this investigation is tolyltriazole and benzotriazole. This includes tolyltriazole and benzotriazole of all grades and forms, including their sodium salt forms. Tolyltriazole is technically known as Tolyltriazole IUPAC 4,5 methyl benzotriazole. It can also be identified as 4,5 methyl benzotriazole, tolutriazole, TTA, and TTZ.

Benzotriazole is technically known as IUPAC 1,2,3-Benzotriazole. It can also be identified as 1,2,3-Benzotriazole, 1,2-Aminozophenylene, 1H-Benzotriazole, and BTA.

All forms of tolyltriazole and benzotriazole, including but not limited to flakes, granules, pellets, prills, needles, powder, or liquids, are included within the scope of this investigation.

The scope includes tolyltriazole/sodium tolyltriazole and benzotriazole/sodium benzotriazole that are combined or mixed with other products. For such combined products, only the tolyltriazole/sodium tolyltriazole and benzotriazole/sodium benzotriazole component is covered by the scope of this investigation. Tolyltriazole and sodium tolyltriazole that have been combined with other products is included within the scope, regardless of whether the combining occurs in third countries.

Tolyltriazole, sodium tolyltriazole, benzotriazole and sodium benzotriazole that is otherwise subject to this investigation is not excluded when commingled with tolyltriazole, sodium tolyltriazole, benzotriazole, or sodium benzotriazole from sources not subject to these investigations. Only the subject merchandise component of such commingled products is covered by the scope of this investigation.

A combination or mixture is excluded from this investigation if the total tolyltriazole or benzotriazole component of the combination or mixture (regardless of the source or sources) comprises less than 5 percent of the combination or mixture, on a dry weight basis.

Notwithstanding the foregoing language, a tolyltriazole or benzotriazole combination or mixture that is transformed through a chemical reaction into another product, such that, for example, the tolyltriazole or benzotriazole can no longer be separated from the other products through a distillation or other process is excluded from this investigation.

Tolyltriazole has the Chemical Abstracts Service (CAS) registry number 299385-43-1. Tolyltriazole is classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 2933.99.82.20.

Sodium Tolyltriazole has the CAS registry number 64665-57-2 and is classified under HTSUS subheading 2933.99.82.90.

Benzotriazole has the CAS registry number #95-14-7 and is classified under HTSUS subheading 2933.99.82.10.
Sodium Benzotriazole has the CAS registry number 15217-42-2. Sodium Benzotriazole is classified under HTSUS subheading 2933.99.82.90.

Although the HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes, the written description of the scope of these investigations is dispositive.

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce’s ACCESS website at https://access.trade.gov. If an exception to the electronic filing requirement applies, you must address and manually submit your response to the address indicated on the cover page of this questionnaire. To determine if your response qualifies for manual filing, see the section on “Manual Filing” below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.

2. The business proprietary response should be submitted on the day specified on the cover page of this questionnaire. The public version of the response may be filed one business day after the proprietary response.

3. An electronically filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:

   a. on the first line, indicate the case number stated on the cover page to this questionnaire;

   b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;

   c. on the third line, indicate the specific segment of the proceeding, (e.g., investigation, administrative review, scope inquiry, suspension agreement, etc.) and, if applicable, indicate the complete period covered (MM/DD/YY - MM/DD/YY);

   d. on the fourth line, indicate Commerce office conducting the proceeding;

   e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business
proprietary/public status of the document and whether you agree or object to release of the submitted information under administrative protective order (APO) by stating one of the following:

- “Business Proprietary Document -- May Be Released Under APO,”
- “Business Proprietary Document -- May Not Be Released Under APO,”
- “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
- “Public Version,” or
- “Public Document.”

2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, e.g., “response to Quantity & Value questionnaire,” “case brief.”

3. Prepare your response in typed form and in English (see 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.

4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (e.g., changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and countervailing duty proceedings).

C. Manual Filing

1. All submissions must be filed electronically. Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:

   - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”

   - Data files greater than 20 MB must be filed manually on CD-ROM or DVD.

   - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. Commerce will provide notice of such technical failures on the ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is http://www.trade.gov/enforcement.

   - Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c), and in accordance with section
782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.

2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.

3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.

4. Manual submissions must be addressed and submitted to:
   
   Secretary of Commerce
   Attention: Enforcement and Compliance, AD/CVD Operations Office (specify office number indicated on the cover page of this questionnaire)
   APO/Dockets Unit, Room 18022
   U.S. Department of Commerce
   1401 Constitution Avenue, N.W.
   Washington, D.C. 20230

D. Certification

1. Submit the required certification of accuracy. Providers of information and the person(s) submitting it, if different (e.g., a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.

2. Provide the required certificate of service (included as an appendix) with each business proprietary document and public version submitted to Commerce.

3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary
information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce’s regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.

2. Utilize the “one-day lag rule” under 19 CFR 351.303(c)(2) if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (19 CFR 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (19 CFR 351.303(c)(2)(i)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.

3. By the close of business one business day after the date the business proprietary document is filed (refer to the “one-day lag rule” in the preceding paragraph), submit the public version of your response (19 CFR 351.303(c)(2)(i)(iii)). A public version must contain:

   a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or

   b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

**Note:** The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (e.g., legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO.
(Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:

a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or

b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO (e.g., May Be Released Under APO or May Not Be Released Under APO). (See section 351.304 of Commerce’s regulations for specific instructions.)

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[ ]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.

6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are maintained at https://access.trade.gov/login.aspx under “People’s Republic of China” and then “Corrosion Inhibitors.” If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

Note: A chart summarizing AD/CVD document filing requirements can be found at https://enforcement.trade.gov/filing/index.html. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at https://access.trade.gov/login.aspx.

---

6 If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information. See 19 CFR 351.304(d). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.
CERTIFICATIONS OF FACTUAL ACCURACY

§ 351.303 Filing, document identification, format, translation, service, and certification of documents.

* * * * *

(g) Certifications. Each submission containing factual information must include the following certification from the person identified in paragraph (g)(1) of this section and, in addition, if the person has legal counsel or another representative, the certification in paragraph (g)(2) of this section. The certifying party must maintain the original signed certification for a period of five years from the date of filing the submission to which the certification pertains. The original signed certification must be available for inspection by U.S. Department of Commerce officials. Copies of the certifications must be included in the submission filed at Commerce.

(1) For the person(s) officially responsible for presentation of the factual information:
