

**NOTIFICATION OF LAWS AND REGULATIONS
UNDER ARTICLES 18.5 AND 32.6 OF THE AGREEMENTS**

JORDAN

Corrigendum

The following communication, dated 25 May 2004, is being circulated at the request of the Delegation of Jordan.

Article 11(a)(2) of the National Production Protection Law No. 50 of 2002 (page 5)

A material error affected the translation of Article 11(a)(2), as the word "public" was replaced by "personal".

Therefore the paragraph should read as follows:

"If the submitted application was withdrawn and such procedure did not conflict with **PUBLIC** interest".

Article 17(c) of Anti-Dumping and Subsidies Regulation No. 26 of 2003 (page 14)

A material error affected the translation of paragraph (c) of the Regulation as the word "not" has been wrongfully omitted from paragraph (c) of the same Article.

Therefore the paragraph should read as follows:

"Dumping is considered **NOT** to exist if the calculated margin of dumping is less than 2 per cent (2%).
